

GCA PARTNERSHIP PROGRAM

Join a Global Community of Partners Committed to Eradicating Cyber Risk

At the Global Cyber Alliance (GCA), it's our mission to unite the global community to eradicate cyber risk. Partnership is a key principle of this mission, and it's the cornerstone upon which GCA and our success has been built.

As a global non-profit, we rely and value the support of our partners, together with philanthropic donations, grants and sponsorships. The GCA Partnership Program offers organizations unique opportunities to contribute financially to advance GCA's mission and to collaborate on the work that we do. The program makes partnership attainable for organizations of any size, while continuing to ensure anyone can benefit from our tools for free.

PARTNERSHIP TIERS

1

GCA Premium Partners

Premium partners are those who believe in our mission and want to contribute significantly to our financial well-being. Premium partners receive benefits such as a seat on our Strategic Advisory Committee, visibility and recognition as a premium partner on the GCA website, and the possibility to nominate a GCA Ambassador.

GCA Partners

Partners are those who believe in our mission and understand that we cannot achieve our goals alone. Partnership fees are modest and are based on number of employees. Every dollar helps us sustain our partnership and facilitate the work we do. Partners will have their logo on the GCA website, get access to our global partners community, and are welcome to contribute to our blog.
